

S&P confirms BBB- rating with Stable Outlook for Cementir Holding

Amsterdam, 12 June 2025 – S&P Global Ratings has reaffirmed Cementir Holding N.V.'s long-term credit rating at BBB- with a Stable Outlook, confirming the company's Investment Grade status.

The rating reflects the Group's solid operational performance in 2024, its robust capital structure, and a clear strategy to reduce CO₂ emissions—factors that enhance Cementir's overall competitiveness.

S&P Global expects Cementir to maintain wide headroom relative to the rating thresholds in 2025–2026, supported by a net cash position held since 2022 and a financial policy aligned with an Investment Grade profile.

The Stable Outlook reflects Cementir's strong cash generation, prudent approach to investments and M&A, and a solid financial position capable of effectively supporting the costs associated with the decarbonization transition.
